

BE FULLY ENGAGED

Patriots,

If you love America and want to see our country succeed in the 21st Century, you must be fully engaged in the 2026 midterm elections.

The Democrats are full of fury since President Trump took office. They have doubled down on stupid, recklessness, hyper-partisanship and their woke, socialist ideology.

As conservatives, it is our sacred duty to defend the Constitution. I would argue that it is also our duty to defend and pass President Trump's America First Agenda, the SAVE Act, and policies to strengthen our national defense.

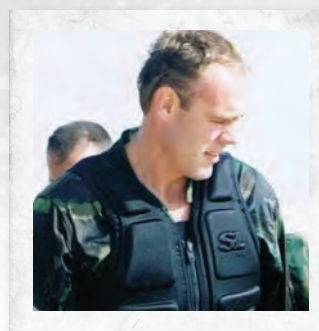

One great way to be involved in our national effort is to engage with and donate to SEAL PAC. We would not have a Republican majority right now without SEAL PAC. Over the past several elections, SEAL PAC has helped elect a couple dozen military veterans who may not have won their primaries or general elections without SEAL PAC support.

The Fight for Freedom Never Ends! Please donate to SEAL PAC and help us elect the highly accomplished military veterans we have highlighted in this brochure. They are proven conservatives who have taken a blood oath that never expires to protect and defend the Constitution.

God Bless America!
